

### **AUTHORIZATION TO TREAT**

Understanding that dogs may become seriously injured or gravely ill and may require **immediate** medical care, my dog may need to be transported to and treated by a local Anacortes vet. Every effort will be made by a Smarter than your Dog! staff member to contact an owner if a dog requires immediate care. If they are unable to reach an owner, this will serve to give **Fidalgo Animal Medical Center** the authorization to provide care to my dog.
